

Dear Mayor Harvey Rosen:

The Thousand Islands Poker Run

- Contributes to climate change
- Contributes to air pollution, and smog
- Creates wakes which damage fragile shoreline habitats
- Creates noise pollution
- Consumes 1000's of litres of fossil fuel

120 monster boats tear around the harbour consuming 1000's of litres of fossil fuel in an extravagant display.

Is this a Joke?

With environmental stakes this high Kingston needs to "pass" on the Poker Run. It's time for the First Capital City to become the First Capital in Eco Boating and protect and promote our beautiful waterfront.

To

The City of Kingston
City Hall
216 Ontario Street
Kingston, ON K7L 2Z3
CANADA

From

Sincerely,

Dear Mayor Harvey Rosen:
